Pool Players

- LLL's Pool Player program is for all players in Single A through Majors and helps a team when they are missing players and in jeopardy of having to forfeit their game. Signing up to be a pool player is completely voluntary, but it is a fantastic way to get your player more playing time, the ability to play with friends on other teams, make new friends and maybe learn something new from a different coach.
- Joining the list does not commit you to playing. If you are contacted and unavailable, you can decline and remain on the list for the next opportunity. (Pool players cannot pitch or catch and must bat at the end of the batting order)
- Please contact the Player Agent, Lee Heagle: playeragent@livermorelittleleague.com

Challenger Division

- The Little League Challenger Program is a program for mentally and physically challenged youth, helping them to enjoy the full benefits of Little League participation in an athletic environment structured to their abilities.
- District 57 has several Challenger teams throughout the district. Teams meet each Sunday afternoon at the Dublin Sports Grounds or various league facilities to play games from March through June.
- We are looking for players from other divisions to help in our “buddy program”. If you are interested reach out to challenger@livermorelittleleague.com

A quick, but important reminder...

- We are all role models for our kids. They are watching how we conduct ourselves, please show them and teach them the importance of good sportsmanship. And most importantly be the example. Treat our players, coaches and umpires with respect, especially the youth umpires. It is a hard enough job for them to get out there and make sudden and important decisions with all eyes on them. Don't scare them! The umpire program is growing and it is important to the league and the kids that the experience is good
